## Summary

A student web Developer attending the University of Arizona's Coding bootcamp.

## Technical Skills

Languages: HTML, CSS, JavaScript

## Projects

**PasswordGenerator** | <https://github.com/sxwqsd/passwordgenerator>  
| <https://sxwqsd.github.io/passwordgenerator/>

This project is an application that can be used to generate secure passwords for the user. In this project I was responsible for creating JavaScript code that could receive user input from the prompts and then create a password.  
This project used HTML, CSS and Javascript

**FoodJunkies** | [https://github.com/zdensamson/food\\_junkies](https://github.com/zdensamson/food_junkies)  
[https://zdensamson.github.io/food\\_junkies/](https://zdensamson.github.io/food_junkies/)

This project is an application to help users get recipes from ingredients they have in their kitchen.

In this project I was responsible for creating CSS that gave the application a clean user interface.

This project used HTML, CSS and Javascript.

## Experience

**Fulfillment Associate**  
**Amazon**

2021-Current  
Vail, Tucson

Identify, investigate and correct shipment errors through the use of Kick Out, Optimized Outbound Problem Solve (OOPS). PuTTY tools to ensure that customers orders are delivered. Coach associates in how to work safely, and keep their work area clean.
